Docket No. WS-02987A-16-0017

May 6, 2016

Dear Community Leader/Advocate-

The YMCA serving San Tan Valley is in its 10th year providing necessary programs and services to kids, families and our communities. The YMCA a 501 ©3, non-profit, charity, human service organization is committed to strengthening family values, providing stellar character values and being an integral part of the community. Through the YMCA service delivery of youth development, healthy living and social responsibility programs thousands of people are touched each and every day! In fact, this year we graduated 9 youth from our preschool program preparing these now kindergarteners a safe place and quality environment to learn and grow.

Every year we raise annual contributions to support these programs and fund kids and families whom would not otherwise receive the support from an agency like the YMCA. Thankfully the Johnson Ranch Golf Club supports an annual golf tournament to raise necessary funds for kids and families. Additionally, the Golf Club has provided clinics for youth. There is not a better way to spend these dollars than to support kids and families! We are grateful, thankful and certainly blessed to have this support that in turn supports an entire Region in San Tan Valley from Apache Junction, Queen Creek, Copper Basin Village and Florence.

Our partnership with the Johnson Ranch Golf Club benefits the YMCA in OUR community and helps make a difference in kids' lives, family strengthening and addresses necessary anti-drug, anti-bullying messages. I appreciate the support and hope that the community will embrace the finalization of the ADEQ permit for the project.

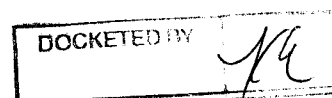

Thank You

Julie Starkey
